**THOSE ON THE LOOKOUT FOR WELL-DESIGNED, FUNCTIONAL PIECES** should pass by EDSA to check out **Home Makeovers**. This recently opened furniture shop is an attention-grabber for motorists and commuters alike, with its large signage and stoneware lined outside the store.

The idea of setting up shop sprang from another business venture, co-owner Celi Sarabia's boutique hotel. Some hotel guests would inquire where to buy the custom-made furniture used in the hotel, while others have expressed desire to buy some of the pieces on the spot! Realizing that there is a market for furniture and accessories, she consulted **interior designer Andy Galutera** and Home Makeovers was born.

**From throw pillows down to kneelers**, Home Makeovers has got everything covered. Their items are sourced from different places and come in limited quantities, ensuring buyers that it will be difficult to come across another piece like it again. 🏠

Home Makeovers is located at 107 EDSA, Mandaluyong City. For more information, call (2) 781 8310.
